Introduction

LukaoJackieChan32/LukaoJankeGomes1995 is a **29** year old Brazilian user that calls himself “Super Lukao” according to his DeviantArt biography, he is also a Ni Hao, Kai-Lan, Jackie Chan, and Dragon Ball fan. he also has a main femboy poodle OC named Lucas who has an age of 6 that has a thing for bellies, being cute in swimsuits, and calling cute things “fluffy”. Also, he would also be known to add random bad users to mugshot templates to show that he is a good user. Until now, he had crossed the line with he had currently committed actions that I was recently informed about as of today.

it has recently been confirmed that he supports apedo, whose name I have forgotten (this pedo engages in inappropriate rp with Lukao which Lukao agrees to do, this pedo also shipped himself with both adults and minors (as well as a car, apparently?), and also made an RP of that same car the pedo shipped himself with FUCKING A 15 YEAR OLD).

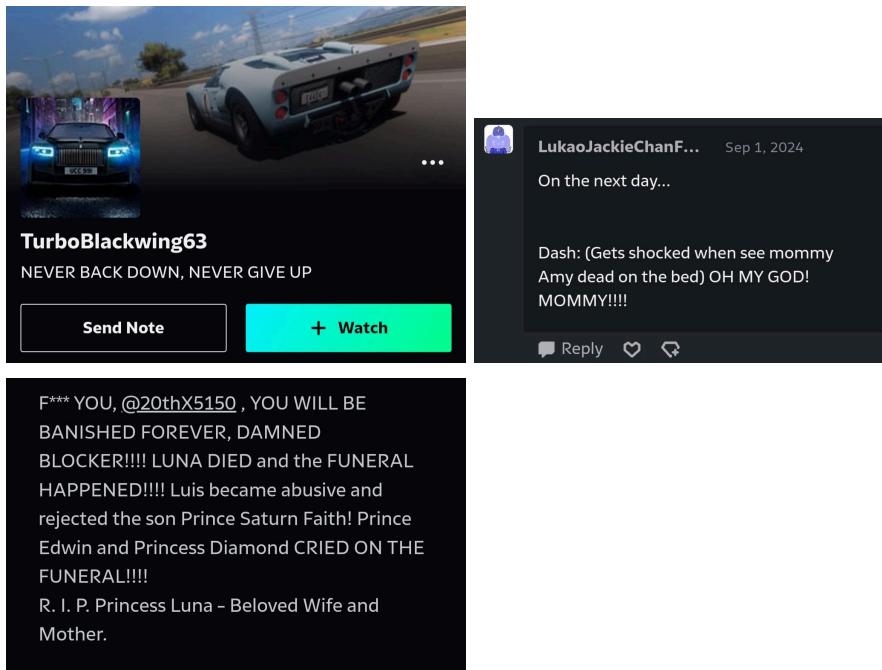

Allow me to elaborate all of this

Pedophile Supporter

As confirmed by one of my friends, the pedophile he supports is called Fe2NyanDeviantArt. This user used to draw Lukao's OCs in diapers and ones that are on the potty, though I am unable to find images of this actually happening but my friends confirmed that this person has done it before I knew about them.

The screenshot shows a DeviantArt user profile for 'Fe2NyanDeviantArt'. The profile picture is a green and white abstract design. The username 'Fe2NyanDeviantArt' is displayed above the picture. Below the picture, the bio reads 'Fe2 Nyan AUTTP/UTTD'. There are two buttons at the bottom: 'Send Note' (white background) and '+ Watch' (blue background). At the bottom of the profile, the statistics are listed as '47 Watchers | 68 Deviations | 1.3K Pageviews'.

The other pedophile named TurboBlackwing63 that IS claimed to have shipped themselves with both adults, minors (that including a 15 year old), and somewhat a car.

Death by Childbirth Fetish

This will be the part where it triggers most of you guys here but as I wasn't checking up on him for a while, he's been doing RPs on certain posts that contained minor Sonic characters (that being the characters Amy and Sally) who are **pregnant**. Before I dive more deep into this topic, let me remind you that Amy is canonically 12 years old and Sally is canonically 16 years old according to some sources, this isn't good. Well, on some of those artworks, he roleplays with a certain person that is into minor pregnancy. Halfway in some RPs, he mentions specifically that one of the girls **DIES** after birth.

His Aggression in Mugshot Templates

As someone who gets after being oversensitive, we can all agree that he is known for calling out users that are bad to him, and how he responds is a way that a GoAnimate kid would respond. Before we get into that, as I mentioned in the introduction, he has a

thing for giving bad users a mugshot picture using a template by RandyTheRockDude. Before he *gives me one*, I already did one of him as seen first in my latest status update.

Back to the the aggression, in the descriptions of these *mugshots*, he would just full-on crash out that goes like this "I'VE HAD ENOUGH OF YOU @somerandombaduser, YOU WILL END UP WITH A DEACTIVATED ACCOUNT BECAUSE YOU SUPPORT PEDOPHILIA, ZOOPHILIA, MALE PREGNANCY, etc. YOU ARE GOING TO BE IN THE ELECTRIC CHAIR AND YOUR FAMILY WILL CRY HORRIBLY!!!!!!!" In my own words, an immediate death threat to most of the bad users in his mugshots. If I were to be a court judge, I would never act in that manner, not even an actual judge would act like that.

His Callout on Me

When I went back to him the day after I exposed him, he blocked me and tried calling me out to somewhat get revenge. In this part, I'm gonna cut it short

KUBE-Arts!!!! I'M TIRED OF YOU!!!! YOU CREATED DRAWINGS OF SOME CHARACTERS WHO ARE POKING OTHER PEOPLE'S BELLY AND I DON'T ADMIT THAT!!!! YOU WILL LEARN NOT TO DO THIS OR ELSE YOU WILL BE ARRESTED FOREVER!!!!

English: Here is the message from our dear OC femboy Lucas who is furious saying that he hates pedophilia and that he doesn't like to see characters poking other people's bellies. I blocked [@KUBE-Arts](#) because I hate pedophilia!
The femboy character Lucas belongs to  (Me) because I'm against pedophilia!

Let me remind you again, that he is **29 years old almost 30** with a main OC that's **6 years old** and he even put him in bikinis, crop tops, and other clothing that show his belly, hearing that makes me want to gouge my own eyes out, so he shouldn't have a reason to open his mouth and try to say anything.

Updates

11/16: It has already come to my attention that Lukao has created a callout document, I don't know what it contains but if anyone has a clue, let me know ASAP.

Conclusion

All in all, Lucas is a sick person behind his back, a manchild who should've never been allowed the internet in the first place that instead needs a lullaby to sleep every night. As he is a Ni Hao, Kai-Lan fan, he is a serious threat to NHKL community. His OC, Lucas, is nothing but a trap, a fraud, a mistake, and the one who needs a mugshot. Well, I already made one of him, so yeah. Plus, he's a whole gaslighter to everyone new to his page which he has them believe that I'm a bad user and try to go after me with the weakest evidence

GOTTA BOUNCE!
